

The academic programs listed below are designed to meet the educational requirements for specific licensing or certification, or to prepare students to participate in licensing or certification examinations required for employment in specific occupations.

Program	Academic Level	Program Meets Requirements in:	Program Does Not Meet Requirements in:	LCU has not determined if program meets requirements in:
Athletic Training Licensure	Undergraduate	Texas		States other than TX
Athletic Training Emphasis Fast Track	Undergraduate	Texas		States other than TX*
Educator Certification Program	Undergraduate	Texas		States other than TX**
Bachelor of Social Work	Undergraduate	Texas		States other than TX
Master of Accounting	Graduate	Texas		States other than TX
MS Clinical Mental Health Counseling	Graduate	Texas		States other than TX
MS School Counseling	Graduate	Texas		States other than TX**
MAT Secondary Education	Graduate	Texas		States other than TX**
Educational Diagnostic Certification	Graduate	Texas		States other than TX**
Secondary Education Certification	Graduate	Texas		States other than TX**
Principal Certification	Graduate	Texas		States other than TX**
Superintendent Certification	Graduate	Texas		States other than TX**
MS Nursing – Educational Leadership	Graduate	Both programs prepare students for national certifications which are accepted in any state. RN Licensure is required and licensure to practice in another state requires either compact licensure (for bordering states), or an application for licensure in that state.		
MS Nursing – Family Nurse Practitioner	Graduate			

*LCU has an affiliation with the Texas Tech University Health Science Center (TTUHSC) School of Health Professions (SHP) allowing outstanding athletic training students an opportunity to apply for provisional admission to the TTUHSC SHP Master of Athletic Training program after completion of the LCU program requirements. Students successfully completing both programs (at LCU and TTUHSC) would be eligible to sit for both the state licensing and national certification athletic trainer examinations.

** School of Education Director of Certification will provide additional information for students in undergraduate Educator Certification, Graduate Education Certification, and Graduate School Counseling programs who are interested in seeking educator certification in a state other than Texas.

The academic programs listed above are designed to meet the educational requirements for specific licensing or certification exams required for employment in specific occupations. The programs offered by LCU are designed to meet the educational requirements for licensing or certification in the state of Texas specifically, although they may meet requirements in other states as well.

If, at the time application to the program, a prospective student is located in a state other than Texas, LCU will notify the applicant of the status of the program with regard to the requirements in that state before the prospective student enrolls in the program. The home address on the admissions application will be used to determine student location. Students in educator certification programs will also be asked to disclose intention to seek certification in a state other than Texas before enrolling in the program.

If LCU is unable to determine whether a program meets the educational requirements for a specific state, the applicant will be provided with contact information for licensing or certification in the state as required by state authorization and reciprocity agreements (NC-SARA). The Professional Licensure Directory below contains contact information for licensing or certification by state for each of the areas listed.
